WEB DEVELOPER/DESIGNER

I have found a passion for creating beautiful and functional websites. Skilled in HTML, CSS, JavaScript, Typescript, and Angular among other languages. Very experienced in problem-solving/collaboration projects and always eager to learn and stay up to date with the latest web technologies.

EXPERIENCE:

Freelance & Self Work — 2020 - Present

- Created customised websites for small business and individuals using HTML, CSS, and JavaScript.
- Developed mobile-responsive designs and incorporated modern design trends to enhance user experience.
- Collaborated with clients to understand their vision and deliver results that exceeded expectations.
- Maintained strong communication and project management skills to ensure timely and successful project completion.
- Contributed to open source projects on GitHub to expand my knowledge and gain experience working with other developers.

EDUCATION:

Full Stack Certificate Program at CodeFactory Wien — 2023

SKILLS

I possess strong proficiency in coding with HTML, CSS, JavaScript, Typescript, and Angular. Plus back end frameworks such as PHP, MySQL, and Symfony. I have experience in developing responsive and user-friendly web applications, and have worked with frameworks and libraries such as Bootstrap. I am knowledgeable and adhere to software development best practices such as version control, testing, and code reviews.
